Subject: Change to 19.3 and Appendix I. Recording relationships to persons, families, and corporate bodies associated with works of unknown or uncertain origin

CCC thanks BL for raising these issues. We agree with the arguments posed in LC's response, *6JSC/BL/8/LC response* and we prefer the LC counter-proposal. We do, however, have some suggestions for revision of the changes.

19.3.1.1 Scope

Other person, family, or corporate body associated with a work is a person, family, or corporate body associated with a work other than as a creator.

Other persons, families, or corporate bodies associated with a work include persons, etc., to whom correspondence is addressed, persons, etc., honoured by a festschrift, persons, etc., formerly thought to be the creators of works of that work, persons, etc., who may be, but are not known to be, the creators of works of that work, directors, cinematographers, sponsoring bodies, production companies, institutions, etc., hosting an exhibition or event, etc.

[remainder of instruction unchanged]

We offer a different wording of LC's proposed glossary definition for attributed creator:

attributed creator: A person, family, or corporate body for whom there is, or once was, some authority to be designated as the creator of the work.
